in the Voorhees Middle School

Theater for the

Parent Academy

(Adolescent/Teenage students welcome)

Attending this Presentation you will:

- Gain an understanding of this drug abuse epidemic; and better knowledge as to how we got to this point.
- Learn about the latest drug trends that your children are dealing with.
- Learn about the signs and symptoms to watch for.
- Be better equipped to speak with your children.
- Be given tips and advice as to how to better prevent drug and alcohol use from affecting your children.

In New Jersey and across America, we are dealing with a social crisis unlike any we've ever experienced. We are more likely to lose our loved ones to an accidental drug overdose than to a car accident. It is a growing epidemic across the country and it is affecting our children in devastating ways. Our communities are being affected in greater numbers than ever before. People are dying. Kids are dying. And we must all come together to fight this American Epidemic.

***All community members are encouraged and welcomed, NOT limited to Voorhees residents
