Exporting Sources from NoodleTools into a Word Document

MUST BE DONE ON A COMPUTER. WILL NOT WORK ON IPAD.

Sign in to NoodleTools.

Click on your project name to open it.

Click the sources tab.

Click the Print/Export button

Choose Print/Export to Word.
Your Work Cited page will open in a new window. (Sometimes it may be blocked by a pop-up blocker and you may need to click on the pop up in NoodleTools to open the document.)

You can choose to print the document separately or you can copy and paste into your assignment.
