

Empathy

By Tamia 🥰😄😊😐😓

What does empathy mean?

It means to put yourself into someone else's shoes 👠

Ex.1

In the book “Number the stars” Annemarie helps her friend Ellen hide from the soldiers, because Ellen is Jewish and Annemarie can imagine what it's like for Ellen.

Ex.2

When you go to the animal shelter and you see a dog, and it looks like it has gone through a lot, you feel bad. But then you decide to adopt it and make it feel good. When you felt bad for the dog, you felt empathy.

Ex.3

Your walking in the city when you come across a homeless person. You feel that he must be hungry, so you give the person some money or food.

Thanks for watching.
