

VOORHEES TOWNSHIP PUBLIC SCHOOLS

Inspire, Engage, and Innovate

As part of Kresson Elementary School's **Character Counts** initiative, students from Ms. Rocco's and Miss Meyer's class interviewed Olympic athlete, Kelsi Worrell using Skype, a software application through the internet. Kelsi is a Westhampton, New Jersey native who competed in the 2016 Summer Olympics for swimming in Rio. When asked what character qualities an Olympic athlete needed, Kelsi listed "determination, accountability, and sacrifice". Students were engaged in thought provoking conversation and discussed many attributes of successful people.
