How she was Born

Once upon a time there was a villain named Smelly. She had a husband. One day she hade a baby. She named her a element sulfur, waiting one day for her to be a villain like her mom. 12 years later her mom and dad passed away. She got so mad that she decided to be a villain after all. And that how the villain Suler girl became a villain.

Important Uses

- Sulfur can make people cry
- Sulfur makes people smell very bad
- Sulfur makes people sick

History

In June 23 1899 there she was Suler Girl born. Suler Girls real name is Taylor Goldilocks. At the begging of her life she was normal, she didn't know her parents where evil and trying to take over the world! Taylor always thought she didn't fit in with her family. One day in 1918 she turned 17. Her parents wanted to have a talk with her. They told her everything, she thought they where joking, but they weren't. They asked her if she wanted to see where they got there powers. She still thought they where joking and trying to prank her on her Birthday, little did she know they weren't. They got there it was a place full of poison. There was a big tank in the floor with Atomic Waste, she still thought it was fake. There was an earth quake. She fell in and never seen again! **TILL TODAY!!!!!! !2016-2017! HAHAHAAAA!!!!**
