

Communities Project

Urban	Suburban	Rural
<p>Definition: A city is a place where people live in very tall apartments.</p> <p>Fact #1 The stores are tight together in urban communities.</p> <p>Fact #2 In urban communities there are very big sky scrapers. in New York and large restaurants with very good food.</p> 	<p>Definition: a suburban area is a place where homes are spread out.</p> <p>Fact #1 Voorhees is an example of a suburban area.</p> <p>Fact #2 there is more people in a suburban than a urban community.</p> 	<p>Definition: a farming area is a rural community with cows, chickens, pigs, and horses.</p> <p>Fact # 1 Mounrow township is an example of a rural community.</p> <p>Fact #2 there is less people in a rural community then a urban community.</p> 

When I grow up I will like to live in a suburban area because I can have a XBOX 360 instead of a pig and barn animals. You can have dogs, hamsters, cats, snakes, and a fish. Then I can have room to play with my dad and with my kids and my dog and I can make football fields.
