Communities Project

By Christopher DiPoalo

Urban	Suburban	Rural
Definition: A city and its many neighborhoods.	Definition: a suburban community that is close to a city.	Definition: A place of farms and open country
Fact #1 An area for people from a suburban to go to work.	Fact #1 people travel To the city to work and they live in a suburb.	Fact #1 not a lot of people in a rural.
Fact #2 all cities have a lot of people.	Fact #2 more people live there then a rural but not more then the people that live in the city.	Fact #2 they show there best farm animals
	Stop	

I want to live in a rural community. One reason is because they have animals and county fairs and two they have tracer trailers and barns and old fashion cars and very cool rope swing and that is why I want to live in a rural community.
