

Dear E.T. Hamilton Families,

This year we will be utilizing a NEW communication app called "Remind." This is one way we will be sharing dates of events, sign up information, and reminders! This is a free, secure app that can be downloaded to any iPhone or Android device which will allow for us to communicate easily with you via secured text-messaging. Your personal contact information is not visible to us or the school.

Signing up for HPFA messages on Remind is easy. Just follow the instructions below!
